

TOGETHER- THERE'S NOTHING WE CAN'T ACHIEVE

It is with great excitement to announce that on Thursday, January 2, 2020, we will officially change to the new name and vision of the Credit Union - Achieve Credit Union!

Since 1958, the Credit Union has stood by our members, working with them through every stage in life as their trusted, financial partner. We have helped families from opening a child's first savings account, to saving for college, buying a home, and planning for retirement.

The Credit Union was founded on the principles of helping others establish and reach their goals, and we still believe in and operate under the same values today. And now, with our new name we also have a new member promise - to help you Learn · Dream · Achieve all of your life goals.

This name change does not mean we've been merged in with another credit union, or that we are changing locations or our staff. We are still the same credit union with the team you've come to know - working with you to help you and your family's financial wellbeing. Additionally, we will not be changing your membership account number, our routing number, or our online banking, bill pay or mobile banking platforms - these will all remain the same.

We hope you are as excited about the new direction of the Credit Union as we are, and we look forward to continuing to help you and your family Achieve your financial dreams and goals.

We wish you a very Happy Holiday season and a peaceful and prosperous New Year.
